

I love being able to turn on the radio, and able to listen to good Christian music. I dont have to worry about the commericals and what kinds of things I need to not let my kids listen to. My kids are 13, 11, and 7 They all love K- Love. My son wakes up to k-love every morning. We listen as we do our home- school work. My husband is a Electrician he plays K- Love when he is wiring houses Non- Christians are also there so its a wonderful witness tool. Please don't take our Christian Music Away. Thank You Tina Bridges
